Notice

Guidelines for Colloquium presentation of M.Tech. IIIrd Semester (CS/IS/SW) students.

Students are advised to follow following guidelines to prepare reports and presentation.

1) In order to fortify the thesis area, it is recommended to choose a colloquium topic related to M.Tech thesis area wherein student is working/or going to work.

2) Students should discuss with their Thesis supervisor at the earliest to finalize the colloquium topic and submit an Abstract (Not more than 300 words) to Convener DMPC by **17th August 2021.**

3) For the preparation of colloquium report/presentation, students are required to study research papers from the refereed journals (SCI indexed, SCI Expanded Indexed/Scopus Indexed) or from the top tier conferences.

4) Students should cite at least 20 research papers in the colloquium report. At least 10 research papers should be from last 5 years (Out of 10, at least 5 are from last 2 years).

5) Report should not be plagiarised. Any report containing more than 25% copied contents will be rejected without evaluation.

6) The attached TeX format should be used to prepare the report. The report should contain at least 20 pages (excluding references).

7) The presentation should contain approximately 20 slides (excluding references).

8) Detailed evaluation schedule and student panel will be notified shortly.
